Dear Parents and Guardians,

The State of Maine has designated Penobscot County as a “green” county since the beginning of the school year. Therefore, Cohen will remain with in-person, hybrid, and remote instruction. The state will continue to monitor health factors and update county designations (green, yellow, red) every two weeks throughout the school year. However, it may become necessary for the state to reassess on a weekly basis.

**If** the state designates Penobscot County as **RED** Cohen will transition to remote learning for all students. If this should occur, please note the following:

- All students will actively participate in remote learning.
- Students will be required to participate in daily learning activities directed by their teacher.
- Students will follow their school schedule for required synchronous learning activities on Mondays, Wednesdays, and Fridays.
- Attendance is required.
- Teachers will have office hours on Tuesdays and Thursdays at class time to assist/support students.
- Current remote students will follow their school schedule with peers. There may be some scheduling exceptions and teachers will communicate as necessary.

***Please review the enclosed documents for more specific information about remote learning expectations.***

Thank you for your patience and support during this time of uncertainty. Please call the school office if you have any questions about the school plan for a red designation.

Sincerely,

Michael H. Missbrenner  
Principal
